

The Messenger of the Covenant

This brief commentary must be read in conjunction with the video:

The Americanized Shekhina (pronounced by me still here as shekina instead of the Hebraic Shexina (Shechina) = the glory of God linked to the Presence of God (the Spirit of the Holy One resting upon the Son of God, Yeshua/Jesus). My apologies for giving offence to any Jew well versed in Hebrew. God lives in obscurity (sorry for the one slip of the tongue saying "security" instead of "obscurity") I am talking off-the-cuff and as the Lord leads me through His Spirit and this type of teaching will not always be as fluent as one would like it to be.

Israel's great Warrior of old led them out of Egypt in an outstanding and exceptional way. He was the One God sent before Israel through the desert and He was also that very one who led them back into their promised land, the land God had promised Abraham and his posterity. Listen to this video brought by a woman who received a vision from the Lord in 1994: "Go and bring the Angel of the Covenant to the Jews!" This message is then for the Jews as He will be that very Angel of Presence (Isaiah) who will come to His People's aid at the very end of times (Dan. 12).
