qBible.com is a website for Biblical Research

Westcott & Hort GNT – Literal Translation, Greek-English Interlinear with Strong's. Based on the Codex Vaticanus and the Codex Sinaiticus. An excellent tool for even those with basic knowledge of Greek, assisting the studious Biblical researcher with, amongst others, grammatical and color codings.

The Interlinear Bible (Hebrew Greek English) with Strong's Numbers Plus Greek Lexicon Plus KJV, J.P. Green, Sr. and M Robinson) Sovereign Grace Publishers - attainable online. This translation is based on the Textus Receptus (the Received Text), derived from Erasmus' Greek New Testament published in 1516 (This translation is from the Greek MS discovered at Constantinople but it also has a Latin influence concerning 1 Jn 5.7). Prof. Combs has done a great research work on Erasmus' text.
