

DO YOU REALLY LOVE JESUS?

THEN GIVE AN EAR!

This thoroughly researched work on the early water baptism practised by the Apostles of Jesus and the earliest rival, apostate sects' rejection thereof, is once again brought to the attention of especially the Christian/Messianic leadership of our day and age.

It just cannot be overlooked and disregarded any longer and I therefore take the liberty to bring it once again to the attention of especially those pastors and church/messianic leadership who are prepared to give an ear to its contents. A church spirit (if I can call it that) has settled on the body of Jesus, resisting what God wants us to believe, namely that the Name of His Son (Yeshua/Jesus) was given for a definite purpose to His flock and so that both the Father and the Son shall be glorified.

I have also included a vision God had given a prophet of his and which will surely come to pass as God has reaffirmed it a while ago. Remember that the spirit of the world will always ridicule those who believe in Jesus and the Holy Spirit God had given us to enlighten our spiritual path. And we must also keep in mind that those who band against Jesus and gospel truth are very influential in this life and therefore we must always look beyond satanic resistance, acting in faith and never going by sight. Fact is, we who love Jesus and gospel truth, must stand together to preserve the “deposit” of our faith (truth based on Holy Spirit reality) and which will always be under satanic attack.

I am therefore, once again, taking the liberty to bring this compact research work, consisting of 12 downloads distributed free-of-charge for the sake of uplifting apostolic truth, to your attention. Actually ONLY to the attention of the *faithful* who are counting Jesus' interests above their own and who are prepared to go the full way with Jesus. I trust that Elijah's seven thousand faithful are still around!

We are surely on the brink of the much-speculated-about New World Order we can indeed expect to be in full motion soon from now, and this audio book will then give those who love Jesus/Yeshua unconditionally a good opportunity to understand how apostasy had, since the early Christian era, descended on the Body of Jesus (Yeshua) - since early apostolic times and when the voice of especially Apostle Paul was lifted against apostasies that were already, at the time, subtly emerging and to the extent that truth was indeed soon thereafter - shortly after the death of the chief apostles, especially the Apostle John's - exchanged for a lie.

I therefore, once again, bring this audio series to your attention – the Spirit of God

urges me to do so. Do yourself then, as a pastor of God's flock, the favour and listen to a divinely inspired research work that definitely forms part of the last revelation God is giving concerning the *essential* water baptism pointing out what had become of it. The author of this series is a Holy Spirit follower of Jesus who is acting on God's instruction, namely to research how the Name of Jesus (Yeshua) in baptism was pushed on the periphery, and all done to revert to apostasy.

I advise those listening to the audio's, to forget about Godhead declarations, e.g. the Oneness or the Trinity, rather listening carefully to what is being conveyed here – a difficult subject as so much is involved in laying bare the truth. The author is not a Oneness propagator, nor was the intention of this message to down the Trinitarians in any way but the time is (over) ripe to come boldly forward with what was done to the Name of the Son of God (given to Him by His Father as the early author of the *Acts of the Apostles* also testifies).

Only the audio version is published here as a thoroughly revised printed version is currently in process.

Jesus said that TRUTH will set us free. Make haste to get hold of its seams for our time of absolute religious freedom is fast drawing to a close! And God is going to hold the pastors of HIS flock responsible (James 3) for what they have done and not done in order to promote apostolic truth! [On God's instruction I have sent this book out to many, also amongst others Ray MacCauley and Billy Graham, also other pastors God had shown me to send it to but passivity and disregard (contempt?) seems to still be the order of the day when it comes to this particular issue.

What this leadership has done with it, will surely be mentioned by Jesus Himself in the Book of Life! I know it! (Considering of course also if those who have received it on their behalf - their respective office personnel - had indeed passed it on to them). It indeed had taken a lot of courage on my part to independently publish this book, doing what God had desired of me at the time (1997).

I also know all too well that I am but the proverbial “small peanut in the LARGE packet of active faith propagators” today, but regardless of my own insignificance, I will keep standing for truth, and I can assure you the books *shall* be opened and the final judgment *shall* then be passed by Jesus *himself*. It is the pastors who are going to be judged for the flock listens to *them*.

Don't just preach the gospel for glory and fame (or financial gain) but do so in love for Jesus and His gospel truth!

TRUTH IS: if you reject the Name of JESUS (YESHUA) given to the Son of God by God the Father Himself, then you are no Christian/follower of Messiah!
